Project "Fireshield"

The cross-border project "Fireshield" continues the multitude of successive achievements and successes within the project's objectives, referring to all the partners participating in this project.

Now the candidates for firefighters of the Fire Station in the Municipality of Vrapcisht and Bogovina, after training and pre-professional sessions, have undergone and passed the final exam, being licensed as firefighters at this structure.

Their licensing comes as a result of a considerable period of training, theoretical and practical training.

This process marks a positive achievement of the project, realizing in this way one of the objectives of the project to facilitate the management of civil emergencies for the above-mentioned areas.

This project is financed under the call IPA II, CBC, Europe Aid/170339/DD/ACT/MK
