Project: CROSS BORDER FIRESHIELD

Cërrik 05.04.2024

Within the framework of the Fireshield project, Caritas of South Albania has provided and delivered to the premises of the Fire Department in Cërrik, ten sets composed with tools that will be used by the volunteer system in this sector, for the prevention of fires in pastures and forests.

This activity comes as another reinforcing link of the fire protection system for this municipality, which is one of the main objectives of this project. Therefore, for its realization, Caritas of Southern Albania has requested the cooperation of all stakeholders, including the Cërrik Municipality and the Fire Department of the same.

The representatives of this sector expressed their gratitude for the donation of these sets, which they considered necessary to increase the efficiency and quality of the work of this sector in order to help as soon as possible in any emergency situation of our community.

The partners, in this case, once again renewed their commitment to the realization of the next activities, relative to the training of the group of volunteers and the awareness campaign for the residents regarding the prevention of fires.

This activity is implemented within the CROSS – BORDER FIRESHIELD project financed within the call IPA II, CBC, Europe Aid/170339/DD/ACT/MK.
